

Every missed call is a patient walking to the clinic down the road.

The math every UAE clinic front desk should do once. Reva AI plugs into your WhatsApp channel and recovers the revenue your phone lines silently lose — every hour, every day.

THE SILENT REVENUE LEAK

120 calls

missed monthly by a typical specialist clinic during busy hours

40% no-show

of unconfirmed appointments never make it to the chair

AED 450 avg

revenue per consultation visit (eye clinic benchmark)

THE RECOVERY MATH
